Parents and Students:

New Foundations Charter High School is pleased to offer Summer Accelerated Courses. These accelerated courses are designed to provide our students with the opportunity to have room in their schedules during their upcoming 12<sup>th</sup> grade year. In turn, students will then be eligible to enroll in Advanced Placement Courses.

This learning platform is blended. In order to obtain the necessary instructional hours, students will spend four days a week (expect for the last week) from 8-12 p.m. on campus. Utilizing our new Learning Management System, "Canvas", students will spend additional time completing assignments over the weekend as a form of review and preparation for the upcoming week of instruction.

The cost of this course is \$150. per student. Checks can be payable to New Foundations Charter School. Tuition is due, Friday, June 9, 2017. Space is limited to 25 students per class.
