

# Ms. McComb's Art Resident Experts

## Description:

A resident expert is a student support system in the classroom. It gives students a chance to be a leader, mentor, and be a cheerleader in the classroom for their peers. Fifth grade students will do their class work on Mondays after school from 3-4:30pm. This will free up their class time to help other students. If we don't have school on a Monday we will make it up on Friday and it will be noted on my website:
