Greetings K8 Families:

I hope you enjoyed the beautiful long weekend! As you saw, there were no assignments due today for students - but we did provide some practice activities for those of you that chose to complete them.

Service Week Continues
You will notice that we have continued to post our Service Week activities. There was great student involvement during the first week, so we wanted to keep it going! Students can even explore other grade level Service Week activities within their grade band (K-2, 3-5, 6-8) to participate more!

Virtual Instruction Schedule
This is our last full week of pre-recorded lessons and mandatory assignments. Next week, the week of June 1st, there will only be pre-recorded lessons and assignments on Monday. The rest of the week will be independent practice activities, but there will be no recorded lessons or assessments to turn in. During next week, teachers will be preparing for the end of the year and holding small group learning sessions for make up work and re-assessments. These make ups and re-assessments will be through invitation only, but you are welcome to reach out to the teacher to inquire about your specific student.

Kindergarten and 8th Grade Celebrations
Please join us as we debut the Step Up Ceremonies for both Kindergarten and 8th grade on Tuesday, June 9th. Kindergarten will debut at 9am, and 8th grade at 1pm. The virtual video celebrations will include the traditional activities, but from remote locations. The debut of the ceremonies will be available on our Remote Learning Page at the link of debut, and they will continue to be available beyond that time for further viewing and download.

Summer School
Communications about summer school began after the 3rd quarter, and continues into remote learning. This summer, we will hold a virtual summer school from July 6th - August 7th, at a cost of $100 per subject. Students who fail core content areas of ELA, Math, and Science during remote learning Quarter 4 will be referred to summer school. Questions about summer school can be directed to Mr. Jon Gonzales via email at Jgonzales@nfcs.k12.pa.us

Item Pick Up and Return
We are working on a schedule for retrieval and drop off of student items at NFCS for the week of June 8th. The plan will be communicated to families in detail no later than June 1st. Only students who have school-owned materials or that have personal items of value at school should attend. At that time, we will also collect computers from all 7th and 8th grade students, as well as from other families who have borrowed technology. Please stay tuned for further details.

Don’t forget to join us for storytime with Ms. Woodling this Thursday, May 28th, and with me next Thursday, June 4th. Please let me know if you have any questions, comments, concerns.

Have a great week!

-Ms. Woolf Cohen
