Greetings K8 Families:

While we are not together in person, we are in spirit! I’m sending each of our families a virtual hug and strength during these difficult times. If there is anything we can do to be supportive in our last few days of school, please let us know.

This update will provide you with information on the end of the year pick-up and drop-off plan. Please make sure you read the information below so you are in the know of our detailed plan!

Teachers and staff will be returning to the building in the upcoming week to clean up classrooms and pack up student belongings. During this time, each K-3rd grade student desk will be emptied and any valuables will be packed in a labeled bag for pick up. If your child has something that needs to be picked up, you will be contacted by NFCS to pick up the item based on the schedule below. If you know of a valuable item that your child has in their classroom, please reach out to let the teacher know. Students who are in 4th-8th grade will have contents of their lockers packed into labeled bags for pick up based on the schedule below. All 4th-8th grade students should come to NFCS to pick up the contents of their locker. We also anticipate the yearbooks will be available for pickup during these times.

If your family has borrowed a computer, you have any books that belong to NFCS, or you are a 7th or 8th grade student with a laptop, you must return the items to NFCS based on the schedule below. If your child is participating in ESY, Summer School or the Career Exposure Program, you can continue to borrow the laptop through the end of the summer.

The schedule below lists dates and times for pick-up and drop-off of items. Please note that this schedule will be strictly adhered to. No students will be permitted during their unassigned times and dates. Students are permitted to enter the building during pick up with one parent/guardian. Only 10 people will be permitted in the building at a time, and our security and staff will maintain this policy. All people in the building must wear a mask at all times and remain 6 feet apart. All students/parents must enter the building through the main entrance, proceed through the MPR and Gym and exit out the Gym doors into the parking lot. We will maintain a one way flow of traffic during the schedule below, and limit our time in the building to these designated spaces. Please refrain from coming to the school if you or anyone in your home has symptoms of being ill.

Wednesday, June 10th

9am-11am: Kindergarten - 3rd grade
**Only if a staff member contacts you or you have items to return.
11:30am-12:30pm: 4th grade
12:30-1:30pm: 5th grade
1:30-2:30pm: 6th grade
Thursday, June 11th

9-10am: Homeroom 7A  
10-11am: Homeroom 7B  
11am-12pm: Homeroom 7C  
12:30-1:15pm: Homeroom 8A  
1:15-2pm: Homeroom 8B  
2pm - 2:45pm: Homeroom 8C  
2:45-3:30: Homeroom 8D

Thank you for helping us maintain safe social distancing and following our outlined plan for the end of the year. While it is far from what we had planned for the end of the year clean up, we are looking forward to seeing some smiling faces during pick-up and drop-off of items.

As a reminder, Monday, June 1st is our final day of Virtual Instruction. Tuesday through Friday of this week there will be practice activities available for each day. In addition, teachers will be using this week for re-assessments or small group work with students.

I will be sending one last update next weekend highlighting our Kindergarten and 8th grade celebrations and other end of the year happenings.

Please let me know if you have any questions!

Take care,

Ms. Woolf Cohen
